

# MICON

INDUSTRIES LTD.

YOUR  
SEAL OF  
QUALITY.

### GROMMETS

Save time and money using **MICON** Grommets. Used world wide in the mining and road building industries.

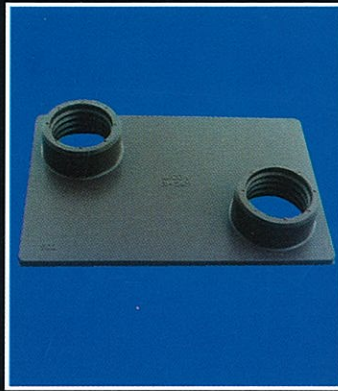

### CATERPILLAR FOLDED CORE SEALS

Self lubricating for prolonged flexibility. Easy fit and advanced compound formulation.

### CATERPILLAR MODULAR CORE SEALS

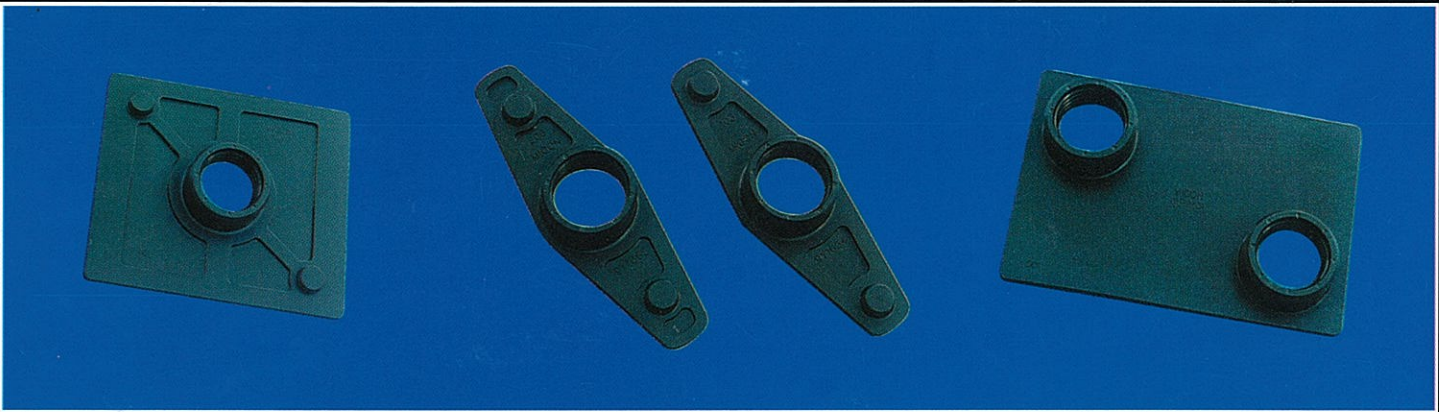

The beefed up perimeter of this seal supports the weight of the core and eats up the vibration better than all the others.

### CATERPILLAR "R" SERIES SEALS

Designed for today's harsh road building environment.

## HT SERIES

The best available . . . anywhere! Skeptical? Understood. Are you doing everything right and the seals just don't stand up? Time to look at **MICON HT SERIES SEALS**. When seals fail, the top 3 reasons are heat, vibration and coolant additives. We've got you covered and we guarantee it for 24 months. When only the best will do use **HT SERIES SEALS**. For details consult your distributor or Micon Industries Ltd. directly.
